Summary

Hello! My name is Rafael and I'm a Software Engineer passionate about turning ideas into technological solutions. With 4 years of experience, I have gained a solid understanding of various technologies, with a special focus on C#, .NET Core, and .NET Framework. Currently, I am pursuing a post-graduate degree in mobile development, with the aim of becoming an iOS developer in the future. I am constantly seeking challenges and opportunities to enhance my skills and contribute to innovative projects. If you are looking for a committed, dedicated professional who is passionate about the field of software development, feel free to get in touch!

Experience

Senior Software Engineer

WEX

Aug 2023 - Present (7 months)

.NET Developer

Symplicity Brasil

Sep 2022 - Jun 2023 (10 months)

I worked as a .NET developer on the outcomecampusconnect.ca project

I worked developing new features and performing tests.

Full Stack Developer

dti digital

Aug 2018 - Dec 2021 (3 years 5 months)

I worked on three projects during the three-year period at the company:

I developed a pricing system for MRV Engenharia projects, called MRV Prices. An API was developed using .NET Core and Angular to develop FrontEnd screens.

I developed a virtual contract signing system, using .NET Core and Docusign.

I supported a system that acquires land for MRV Engenharia, using .NET Core and reactjs
